XI. NIHONBASHI

The Club endeavors to provide the best usage of its facilities for all its Members and family as well as their guests. In order to do this, it follows that certain areas be designated for certain activities. Therefore, rules must be established and adhered to in order to most effectively utilize those areas.

The House Rules set forth in this document have been established by the House Committee and approved by the Board of Governors. This is a minimum list. It is not the intent of the House Committee or management to create an atmosphere of 'don't'.

It is expected that the Members will respect their Club and maintain it as the type of Club they wish it to be. Certain basic rules have been instituted for overall Club usage and are the result of many years of experience. We ask for your cooperation.

In order to fully understand these rules, it is necessary to realize who is actually a Member: A Member is that person who has applied for and been elected by the Board of Governors. Spouses and other Members of the family are considered to be 'Family Members'.
